- Highly proficient in mathematics
- User experience research
- Project management
- Social media and digital marketing
- Website application design, including HTML & CSS
- Business and strategy analysis
- Team-oriented

Projects

Information and Society - Misinformation on Social Media: Research Paper September 2022 - December 2022

- Researched misinformation, disinformation, fake news, social media bots, and digital literacy
- Gathered relevant journal articles, news articles, and posts for reference and analysis
- Discussion and suggestions for prevention of misinformation across Twitter, Twitch, and Facebook

Information Technology Project - Strategic planning and existing data analysis for a company February 2023 - April 2023

- Designed and implemented strategies to improve Search Engine Optimization (SEO)
- Coordination and collaboration with peers on an existing business
- Utilized project management principles and processes to create documents and reports for exposure through backlinking

Understanding VR - Empathy in Virtual Reality: Research Paper March 2023 - April 2023

- Gathered and researched studies, articles, and first-hand experiences surrounding Virtual Reality
- Focused on psychological, emotional, and societal impacts on users
- Utilized knowledge and information to evaluate the relationship between empathy and user experience in VR

Media and Information Research - Distribution of Misinformation with Twitter Flagging: Research Report April 2023 - May 2023

- Investigated the impact of Twitter Flagging on user distribution of misinformation
- Designed and collected user research through a Qualtrics survey
- Applied academic research and analysis methods to yield relevant results

Web Design and Development - Personal Portfolio Website October 2023 - December 2023

- Designed and developed a website using HTML, CSS, & JavaScript
- Detailed discussion of prior projects, experiences, and interests
- Showcased images, external links, and contact information

Silicon Valley Field Experience May 2023

- Made connections and engaged in conversations with companies and employees about their current research and technologies
- Visited companies such as Google, Netflix, Airbnb, YouTube, Hustle Fund, Chegg, & Salesforce
- Explored facilities including the Palo Alto Research Center, Tesla Factory, & VR labs at Stanford and Santa Clara University

Experience

Personal Child Caretaker June 2016 - August 2021

- Sustain a safe and healthy atmosphere for children
- Attentive and aware at all time
- Ability to multi-task and maintain an organized environment

Kotz Sangster Wysocki P.C., Detroit, MI - Office Staff Intern June 2019 – August 2019

- Assisted with drafting documents, filing, scanning, and organizing client files
- Data entry of client contact information
- Organized calendar for court dates, client meetings, and firm events
